

UC College of Engineering Malaysia Scholarship

Are you planning on studying towards an Engineering degree in New Zealand in 2017?

The University of Canterbury's College of Engineering offers multiple scholarships for Malaysian students who plan to undertake a Bachelor of Engineering with Honours degree at UC.

These scholarships were established by UC's College of Engineering to recognise the ongoing relationship between the College and Malaysia, and to support Malaysian students studying Engineering at the University of Canterbury, in Christchurch, New Zealand.

UC houses New Zealand's premier College of Engineering which provides internationally recognised qualifications. The Civil and Natural Resources Engineering department is ranked in the top 1% in the world.

All of our Engineering degrees are accredited by IPENZ, the Institution of Professional Engineers New Zealand, and therefore recognised as meeting the academic requirements for professional engineers. IPENZ is a signatory to the Washington Accord, making your degree an internationally recognised qualification in many overseas countries.

Engineering specialisations include Chemical and Process, Civil, Computer, Electrical and Electronic, Forest, Mechanical, Mechatronics, Natural Resources and Software Engineering.

Top Scholars Awards

NZ\$20,000 per annum for up to four years

High Achievers Awards

NZ\$10,000 per annum for up to four years

Applications open 8 weeks ahead of the closing dates of 15 August 2016 and 1 March 2017
